Introduction  
to club  
activities  
for new  
students

Everyone will fall asleep, so you better stop reciting the provisions of IP acts.

You should clearly communicate to them the main purpose of IP club's activity.

How can I promote the IP Club to new students?

For example, the theme of the hero action show is very easy to understand.

**Let's invite the other members to perform!**

We perform a skit about a patent attorney defeating an IP rights infringer.

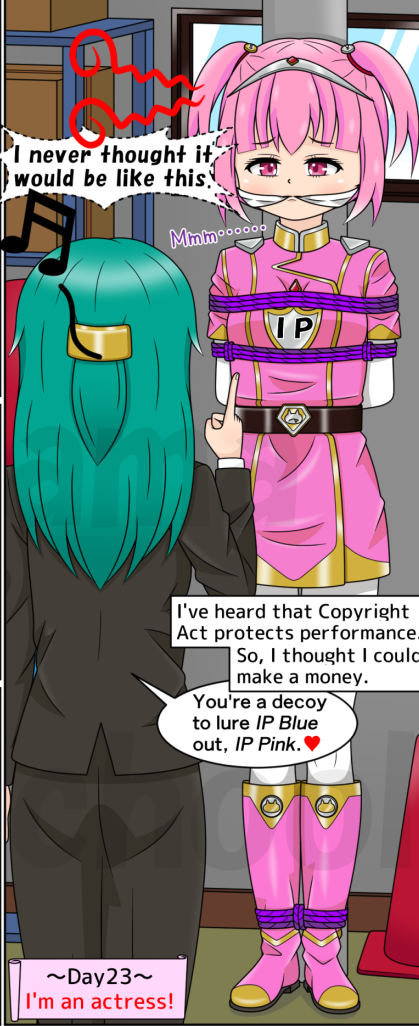

This is your costume. ♥

Actually, I have a little experience in acting.

Chinako plays the heroine, and Ms. Maizono plays the villain.

It's about a kindergarten recital.....

Can you play the heroine's sidekick, Kurika?

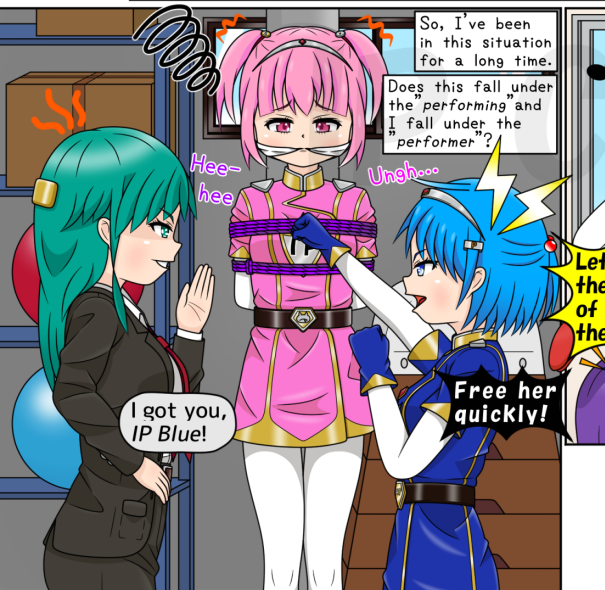

I never thought it would be like this!

Mmm.....

I've heard that Copyright Act protects performance. So, I thought I could make a money.

You're a decoy to lure IP Blue out, IP Pink. ♥

~Day23~  
**I'm an actress!**

I got you, IP Blue!

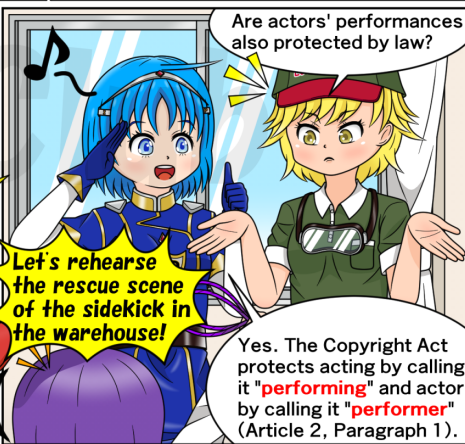

**Free her quickly!**

So, I've been in this situation for a long time.

Does this fall under the performing and I fall under the performer?!

Hee-  
hee

Ungh...

Are actors' performances also protected by law?

**Let's rehearse the rescue scene of the sidekick in the warehouse!**

Yes. The Copyright Act protects acting by calling it "performing" and actor by calling it "performer" (Article 2, Paragraph 1).
