

Do you have any work in mind?

So, is it better to make exam questions from works of teachers and students at our school?

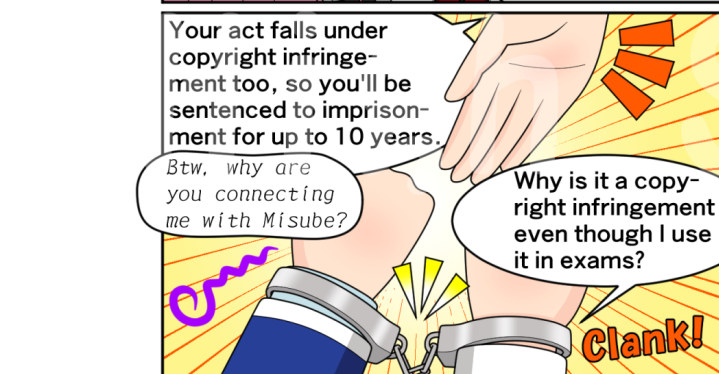

Even if it is allowed by copyright act, using a total stranger's work is a source of trouble.

Are you going to use it in Japanese language exam? You are terrible!

She is a patent attorney, so I think she writes well.

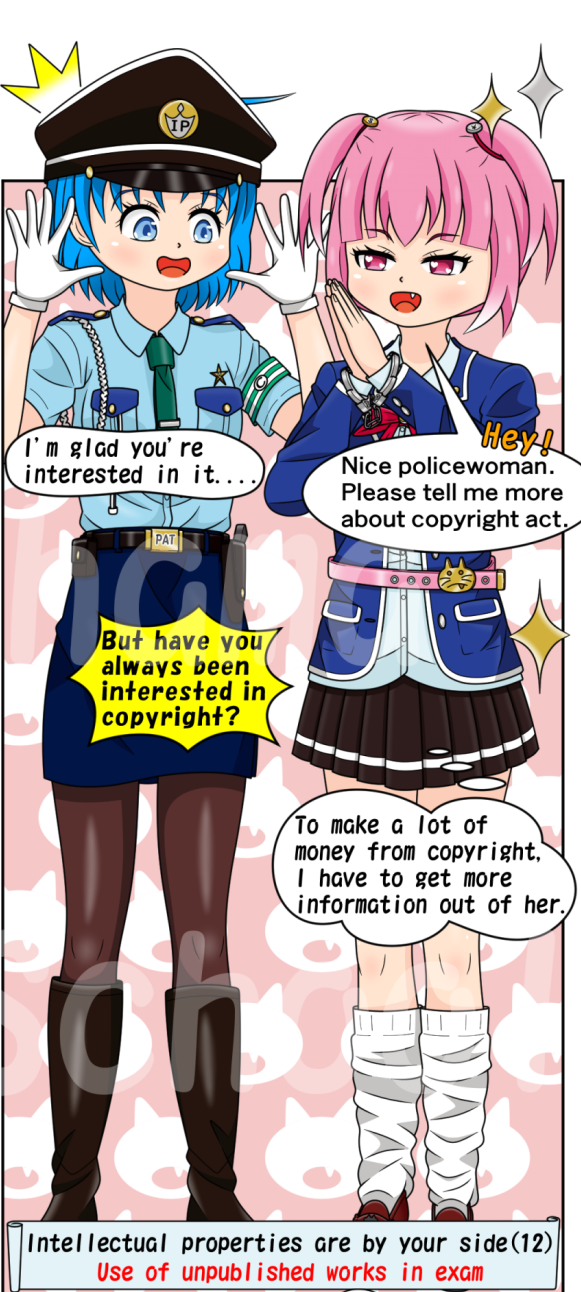

Your act falls under copyright infringement too, so you'll be sentenced to imprisonment for up to 10 years.

Btw, why are you connecting me with Misube?

Why is it a copyright infringement even though I use it in exams?

Clank!

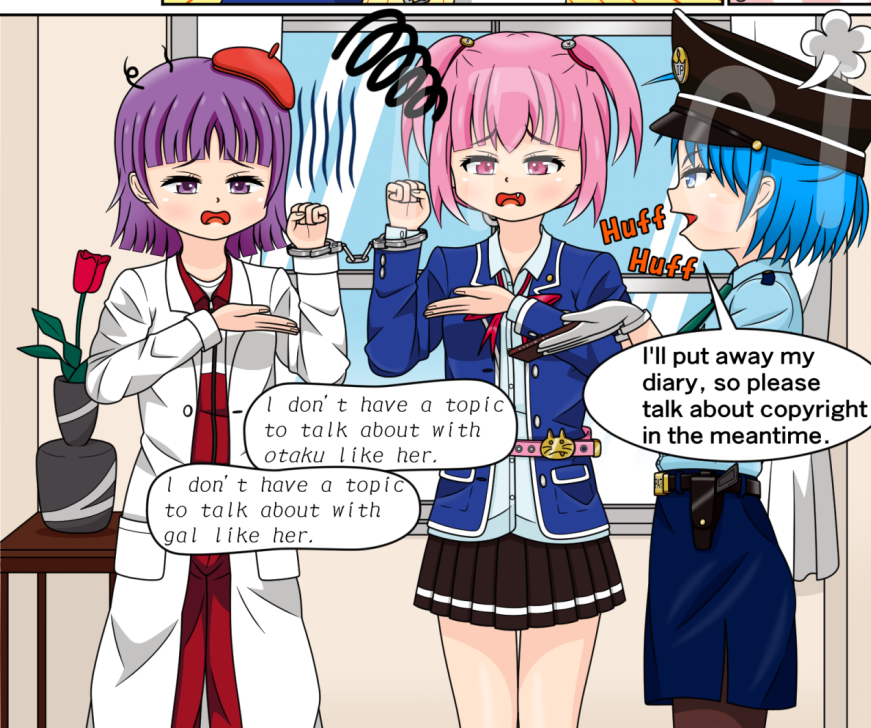

I'm glad you're interested in it....

But have you always been interested in copyright?

Intellectual properties are by your side(12)
Use of unpublished works in exam

I don't have a topic to talk about with otaku like her.

I don't have a topic to talk about with gal like her.

I'll put away my diary, so please talk about copyright in the meantime.

Noooooo!

Only "works that has been made public" are permitted by copyright act to be reproduced as exam questions.

I don't want my diary to be published all over the school as exam papers!
