

Bang!!

LOVE & TECH

Hehe!

It means cheap but inferior handguns sold in the US and Canada. This gun is so named because a number of crimes involving it occurred on Saturday nights.

This term also has a meaning related to money

Notice

What does it mean?

It's news on the 'Saturday Night Special'!

So, the stock I wanted to buy has risen in price so much that I can't buy it.

Choba chobul (Super but and super blue)

Method 1 Saturday Night Special

I know what it means.

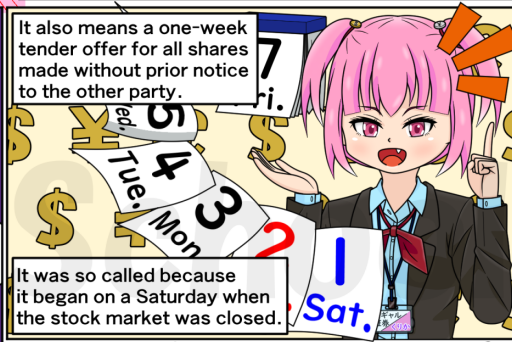

Pow!

Hoooooooooooo!

I mistook the term for the title of a classic disco movie.

It's "Saturday Night Fever."

Btw, why are you posing in such a costume?

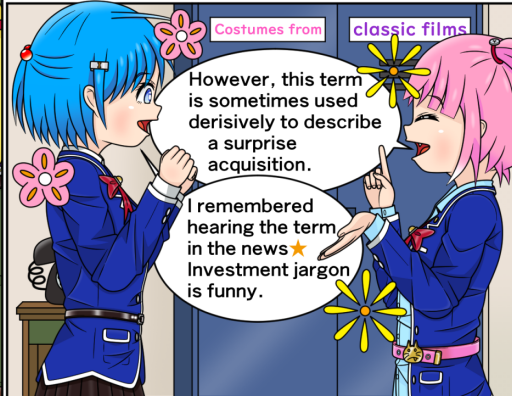

It also means a one-week tender offer for all shares made without prior notice to the other party.

It was so called because it began on a Saturday when the stock market was closed.

In that case, the other party who is caught off guard won't be able to counter TOB.

Such problems have arisen, and now such TOBs are prohibited by law.

Costumes from classic films

However, this term is sometimes used derisively to describe a surprise acquisition.

I remembered hearing the term in the news★ Investment jargon is funny.
